Broaster® Pressure Fryer - 1600

Standard Features

- Fast and productive specifically designed for high volume production, cooks up to 20 pieces of fresh bone-in chicken per load in under 10 minutes.
- Unique Pressure Activated
 Cover Locking Mechanism –
 quick closing and opening single
 action sealing including a pressure activated cover locking mechanism
 for safety and ease of use.
- Proven round cooking well design – engineered for more uniform heat distribution, durability, and efficiency; no cold spots or corners. Large capacity provides more room for product, minimizes sticking, and produces delicious, superior quality food.
- Fully Welded Cooking Well made from durable 300 Series Stainless Steel.

- Easy to operate SmartTouch Touch Screen Controllers feature a large 152.4mm x 90mm full color touch screen with easy to navigate tab menu. A library of various menu items are included for quick and easy preparation.
- Unique Auto Comp[™] feature automatically adjusts cooking time to accommodate for varying sizes and temperatures of loads.
- Automatic cook cycle counter
 monitors production between filtering.
- Built-in filter system provides quick, easy, and safe cooking oil filtration; no heated fittings to disconnect.
- Solid-State controller option available.

Specifications

Primary construction is of stainless steel built on powdercoated steel frame with chrome-plated front leveling feet. Rear legs are fitted with casters on electric models and stainless steel feet on gas fired models.

Round cooking well with 9.5 kg cooking oil capacity operates between .8 - 1.0 bar pressure at temperatures up to 190°C.

Triple-redundant safety system is featured consisting of nickel plated relief valve, stainless steel splash guard and single action patented cam lock cover system with pressure regulator interlock. Also has single action combined pressure regulator valve/remote timer control, drain valve interlock and pressure activated cover locking mechanism. All ensure operator convenience and safety.

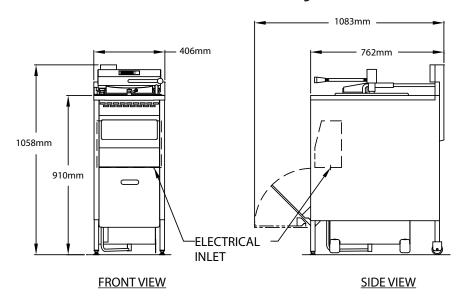

SmartTouch Touch Screen controller provides a programmable library with preloaded menu items and an automatic cookcycle counter. Auto-Comp feature automatically adjusts cooking time dependent on size and temperature of load. Large 152.4mm x 90mm touch screen features easy to follow tabbed menu. On-screen prompts assist users in operating and maintenance functions.

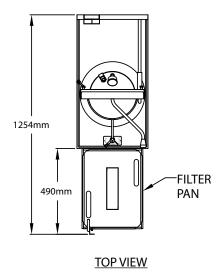

On-board integrated filtration system consists of easily accessible stainless steel filter tray assembly. Powered by a .24 kW motor coupled to 19 liters per minute rotary gear displacement oil pump.

Equipment is covered by manufacturer's 1 year parts warranty on all systems.
